

Plant Care Maintenance Program

In order to acquire a beautiful, lush, overflowing garden one must pay close attention to all aspects of proper plant care.

Have Nature's Landing look after all of your plant care details and rest assured your gardens will be looking magnificent all season long.

The Program Includes:

Watering

Fertilizing

Pinching

Winter Preparation

Soil Rejuvenation

Integrated Pest Management

We base the frequency and time of our visits according to your personal schedule.
